GIN O'CLOCK

Step into the storied past of Malacca with our signature Gin O'Clock experience. At its heart is Tanqueray Malacca Gin, a remarkable limited-edition spirit inspired by a historic 1839 recipe from Charles Tanqueray himself. Created during his travels through Southeast Asia, with particular inspiration drawn from the Malacca region, this exceptional gin captures the essence of an era when the Malacca River was a bustling artery of global trade and our shores were a melting pot of cultures. Crafted with botanicals native to the region, including gently warming cubeb pepper and fragrant local spices, it offers a distinctive taste of Malacca's rich heritage. Available exclusively at The Majestic Malacca, this is a rare opportunity to savour a piece of gin history.

To commemorate your journey, each guest receives a beautifully presented tasting note to take home, a personal memento to revisit the flavours of your Malaccan getaway.

WALK THROUGH THE MISTS OF TIME

The Majestic Malacca offers daily tours, which pass through prominent historical landmarks, age-old religious institutions, 600-year-old narrow alleys of the city, and quaint shop houses, providing a beguiling journey through an enchanting living heritage.

The tour includes an instructive look into how Malacca's community amalgamates various European and major Asian civilisations, creating this heady melange which includes the Kristang.

This walk brings you full circle back at The Majestic Malacca with a traditional Kristang Afternoon Tea where you will be feted with unmissable highlights such as house-made Portuguese egg tarts and glutinous rice with kaya (coconut jam).

HISTORY ON WHEELS

Feel the rhythm of the past beneath your wheels as you journey to the very foundation of ancient Malacca. Here, the undeniable influence of the legendary Admiral Zheng He lingers in the air, immortalised in the statue that stands watch over the city's historical square. It was his arrival, during the great maritime expansion of the Song Dynasty, that would send ripples through time, leading Sultan Mansur Shah to sail for China with tributes befitting an emperor.

There, the sultan sought the hand of Princess Hang Li Po, who arrived on our shores with 500 young men and a few hundred handmaidens, her entourage becoming the thread that wove new stories into the local fabric. Your journey by cycle leads you to Bukit Cina, where her followers built the oldest recorded well in all of Malaysia in 1459. Once a vital source of water, it now stands as a wishing well, where visitors pause, make a silent wish, and connect with a love story that shaped a nation.
